

# Freelancer Study 2024

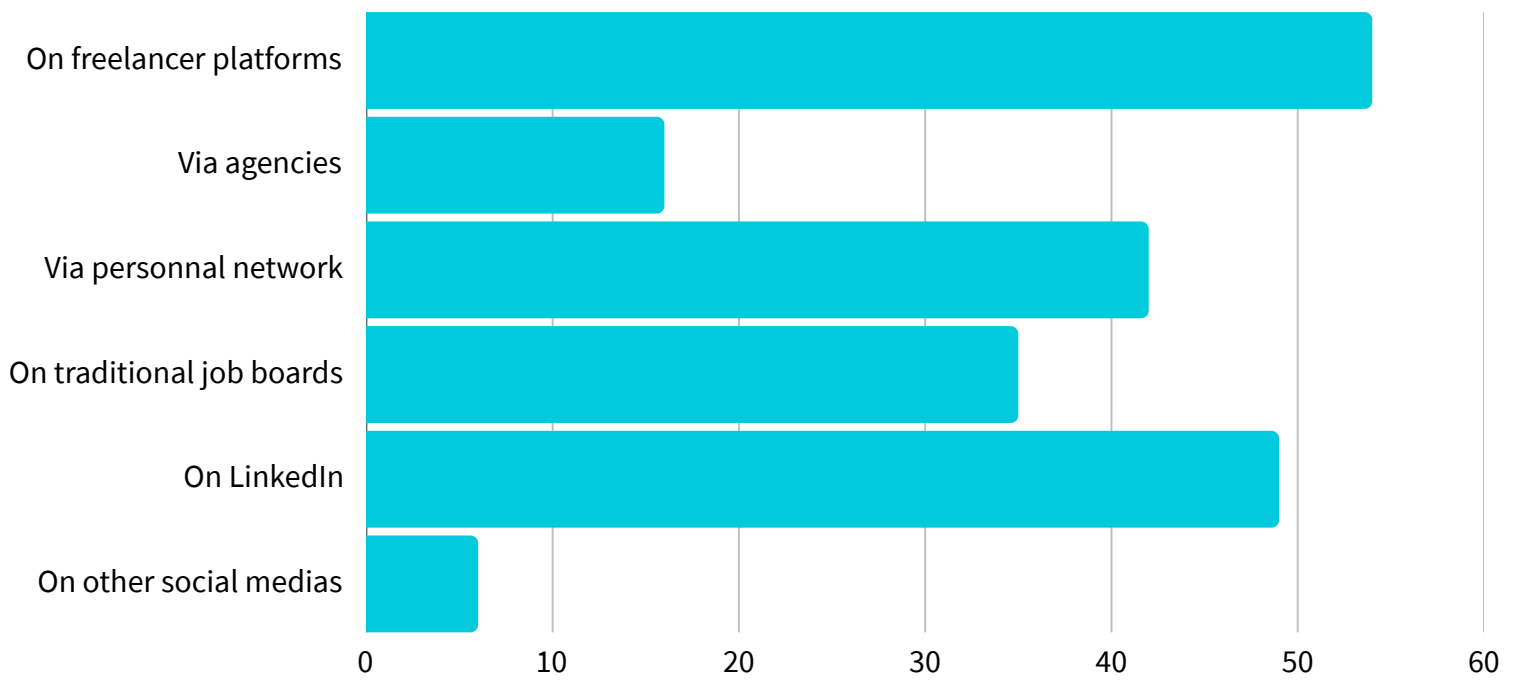

**Q1 : For how long have you been a freelancer ?**

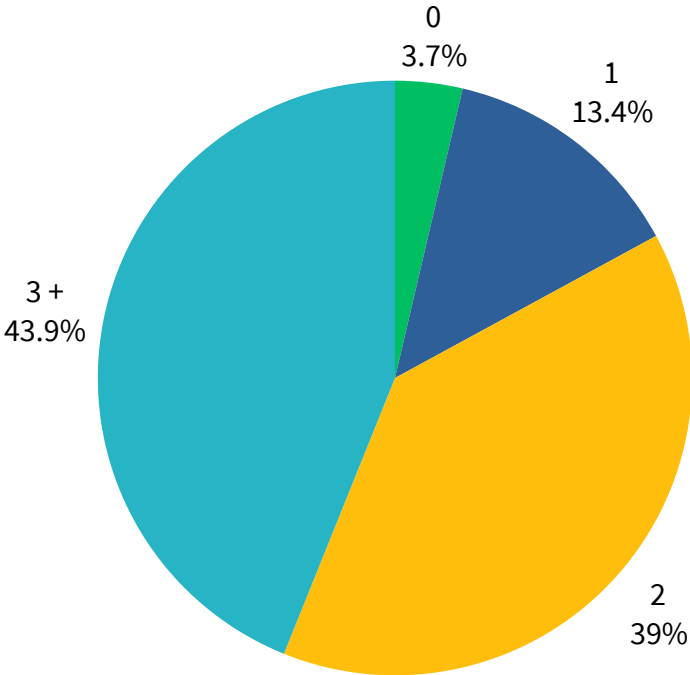

## Q2 : According to you, what has changed over time in the freelancing market?

### Q3 : Where do you usually search for new projects ?

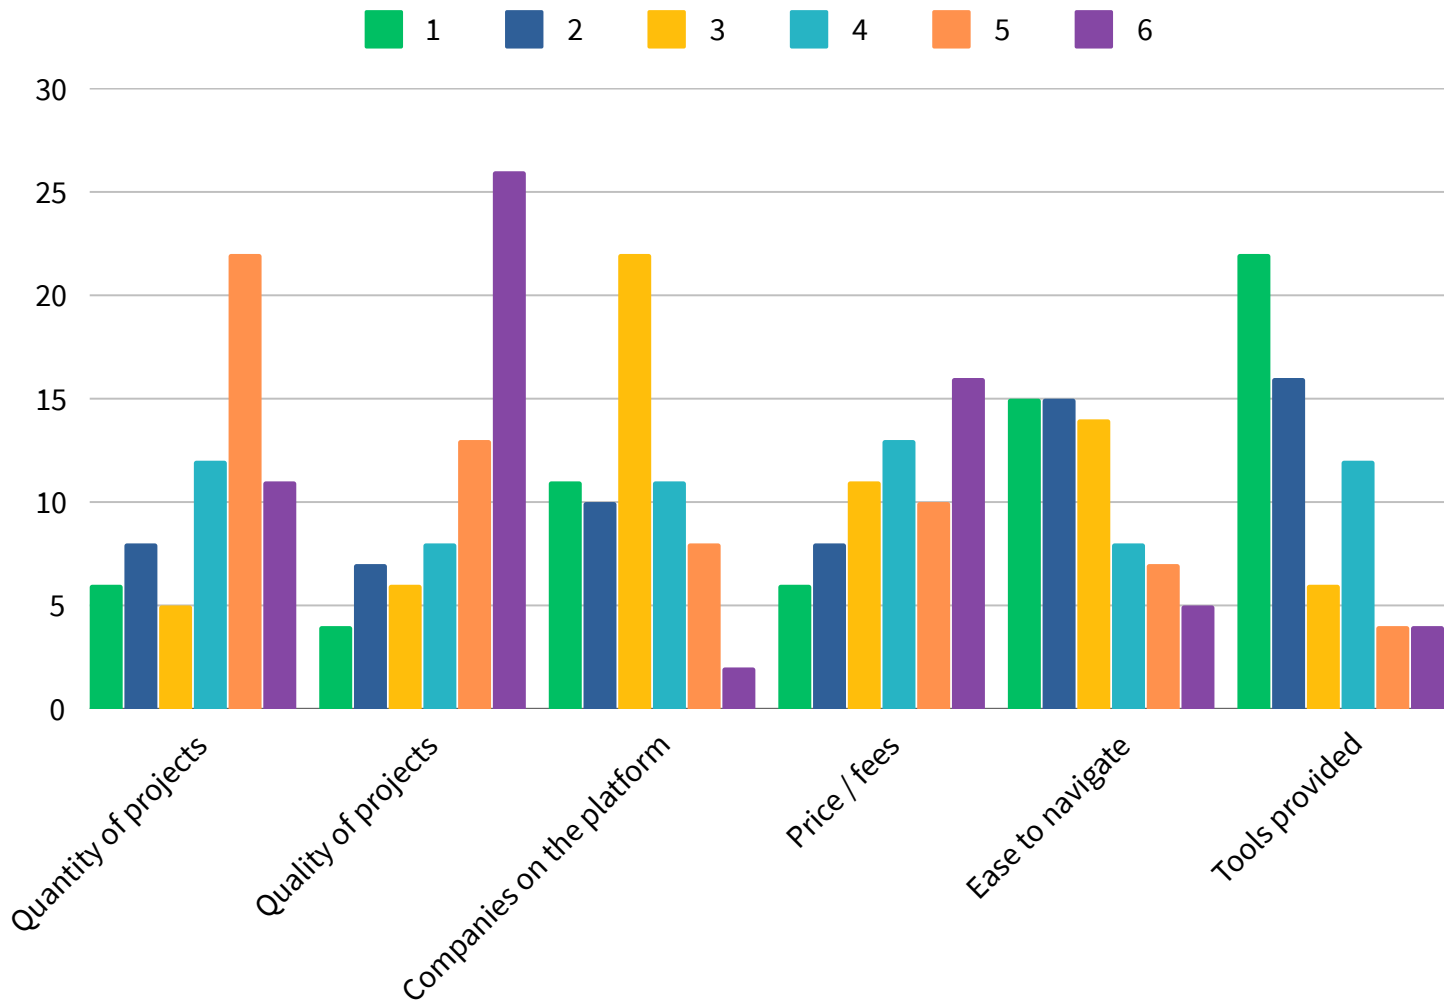

**Q4 : How many platforms do you use while looking for projects ?**

## Q5 : Why do you use more than one platform ?

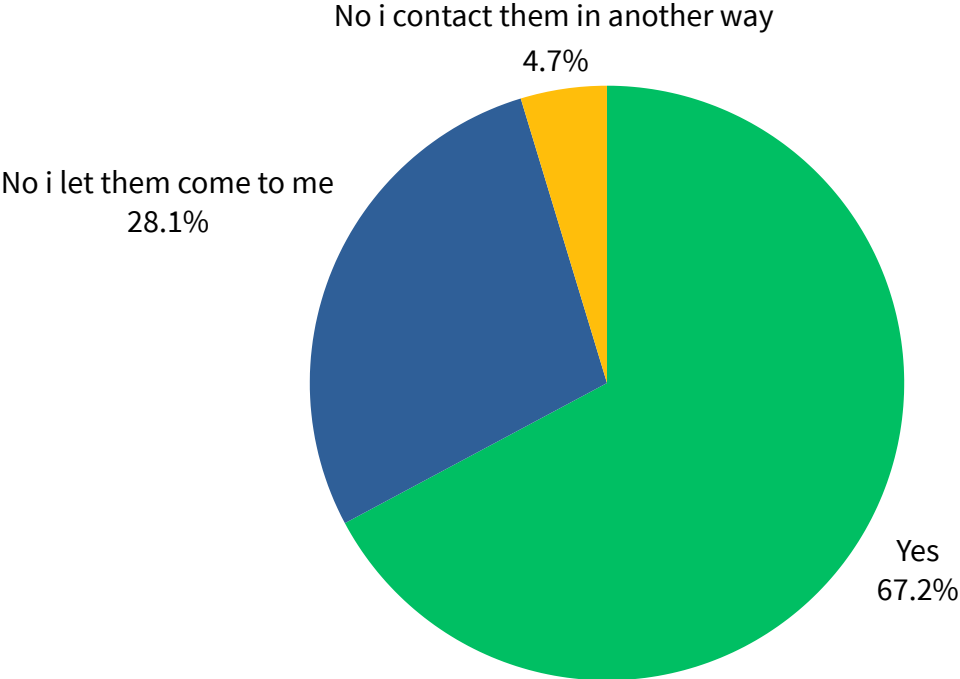

#	RESPONSES
32	Get more opportunities
1	In case there's differences
1	Have more quality
3	Get more visibility
1	There's a lot of spam / fake opportunities
2	There's not enough relevant work on each one
3	There's no all-in solution

## Q6 : What is most important to you on a job platform ? (1 being the least important and 6 the most important)

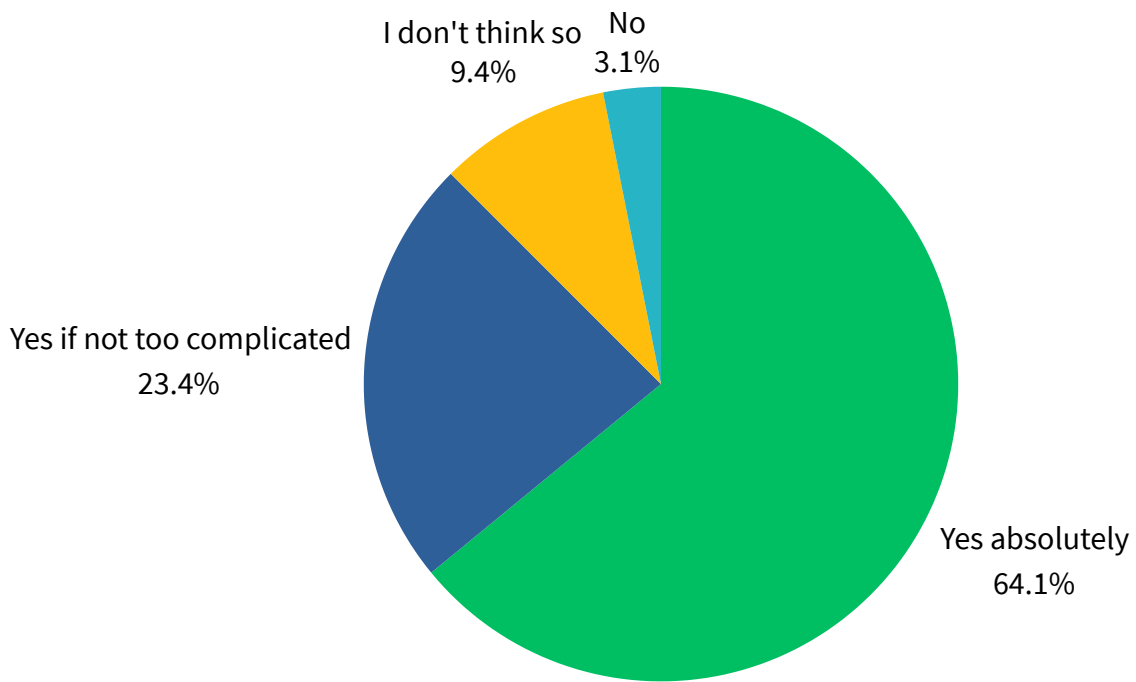

1. Quality of projects
2. Quantity of projects
3. Companies on the platform
4. Price and fees
5. The ease to navigate
6. The tools provided

**Q7 : Do you usually contact the project providers on the platforms?**

## Q8 : Would you switch platforms if you find one that has more to offer than the one you are using right now?

**Q11 : We want to create a big survey about freelancing in 2025, is there a specific topic you would like us to cover?**
